Zelia,

I just wanted to thank you for giving me a lesson while I was in Miami. The advice you gave me on the piece has really helped. Before playing for you in Miami, I felt like the piece was very empty. I've worked on the rhythm in the Vivace section and have worked on playing each note like a word in a poem. I apologize that I was unable to come in to see you at the UM music school - my friend who I was staying with couldn't give me a ride.

Again, thanks for the lesson. I really do feel like you taught me a lot about playing musically/emotionally although I didn't study under you for long. Take care and I hope everything continues to go well for you and your family in Miami.

Sincerely,

Kate Simko
